Dear Mr. Gottschalk,

Thank you for your letter endorsing my legislation, H.R. 5077, the *Creating Resources for Every American To Experiment with Artificial Intelligence Act of 2023*. As you know, this legislation will help with American innovation and develop trustworthy AI policies. Investments in AI research have the capacity to address societal challenges in the United States and globally.

I will continue to do everything I can to ensure my legislation is signed into law and for America to maintain its position as a global leader in artificial intelligence. Having your support enhances our work immensely.

Most gratefully,
